About

Our story

AYKAPACK builds on its founder's experience in the packaging industry since 2005. We produce custom packaging for brands in food, cosmetics, pharmaceuticals, jewellery and retail — in Türkiye and for export to Europe, the Middle East and beyond.

Our growth has always followed our customers' needs: reliable quality, clear communication and packaging that performs — on the shelf, in transit and in the hands of the end customer.

Built for international brands

We understand what export customers expect: consistent colour across repeat orders, clear specifications agreed before production, and a delivery schedule confirmed with the quotation. Our team works in English and Turkish; delivery terms such as EXW, DAP or DDP are agreed per order.

Sustainability in everything we make

We believe beautiful packaging and environmental responsibility belong together. Paper and board are renewable and recyclable, and we help every customer make the most sustainable choice for their project.

Our mission

To be the packaging partner international brands trust — combining Turkish manufacturing strength with European quality expectations and a responsible approach to the planet.

European quality, shorter lead times, competitive pricing

Close to your market

Road freight reaches most of Europe in days rather than the weeks needed for Far East sea freight.

EU–Türkiye Customs Union

Industrial goods such as printed packaging generally move between Türkiye and the EU without customs duties when they are in free circulation and travel with an A.TR movement certificate.

Flexible Incoterms

Delivery terms such as EXW, DAP or DDP are agreed per order — we work with your forwarder or ours.

One point of contact

You deal with the same person from first sketch to delivery — in English or Turkish.

Products

Custom Printed Boxes

Branded boxes made to your exact dimensions — printed in full colour, finished with premium details and delivered worldwide.

Box styles	Tuck end, crash lock bottom, sleeve & tray, mailer, lid & base, magnetic rigid
Materials	Folding boxboard (GC1/GC2/GD2), SBS, kraft board, E/F-flute corrugated, greyboard for rigid boxes
Printing	CMYK offset, Pantone spot colours, digital print, inside printing
Finishes	Matte/gloss/soft-touch lamination, hot foil, embossing, spot UV, window

Folding Cartons

Precise, colour-consistent folding cartons for high-volume retail, food, cosmetic and pharmaceutical products.

Styles	Straight/reverse tuck end, crash lock, 4- and 6-corner trays, sleeves, display cartons
Board	GC1, GC2, GD2, SBS, kraft, recycled board — 250 to 450 g/m²
Printing	CMYK + Pantone offset, inside print, varnish
Finishes	Lamination, hot foil, embossing, spot UV, window patching

Paper Bags

Premium paper shopping bags that carry your brand beyond the store — from hand-finished luxury bags to eco-friendly kraft.

Types	Luxury laminated bags, kraft bags, gift bags, wine bags
Paper	Art paper 170–250 g/m², kraft 120–200 g/m², coloured and textured papers
Handles	Cotton or PP rope, satin/grosgrain ribbon, twisted paper, die-cut
Finishes	Matte/gloss/soft-touch lamination, hot foil, embossing, spot UV

Food Packaging Boxes

Attractive packaging for confectionery, bakery, takeaway and gourmet products — designed to protect freshness and win at the shelf.

Products	Chocolate & praline boxes, baklava and Turkish delight boxes, cake, pastry and cookie boxes, pizza, burger, sushi and sandwich boxes, dried fruit boxes, takeaway bags and cups
Materials	Folding boxboard, kraft, grease-resistant board, rigid board for premium gifts
Options	PET or plastic-free windows, trays, dividers, handles
Printing	CMYK + Pantone, inks and water-based varnishes chosen for the application

Pizza Boxes

Corrugated pizza boxes printed with your brand — strong enough to keep the pizza flat and warm, light enough to ship flat and stack in the kitchen.

Styles	Classic pizza boxes with tuck-in front, pide and calzone boxes, slice boxes
Board	E-flute, B-flute or double wall; kraft or white liner
Printing	Flexo for logos in one or two colours, litho-lamination (offset) for full-colour designs; inside printing on request
Details	Vent holes, size marking, grease-resistant options to be agreed

Jewellery Boxes

Elegant presentation boxes that match the value of your jewellery — with precise inserts, soft-touch materials and foil-stamped logos.

Styles	Lid & base, drawer (slide), magnetic flap, hinged boxes
Inserts	Velvet, suede-effect, foam, card and slit inserts
Materials	Greyboard wrapped in speciality paper, leatherette or textured paper
Finishes	Hot foil logo, embossing/debossing, ribbon pull

Pharmaceutical Boxes

Accurate, compliant cartons for pharmaceutical, nutraceutical and medical device brands — with the consistency automated packing lines demand.

Styles	Tuck end, crash lock, tamper-evident cartons
Board	GC1/GC2 virgin board, SBS
Features	Braille embossing, tamper-evident closures, varnish-free areas for coding
Printing	Offset CMYK + Pantone with fine text reproduction

Cosmetic Boxes

Beauty packaging with the premium feel your customers expect — for perfume, skincare, hair care and make-up.

Styles	Folding cartons, rigid lid & base, magnetic boxes, gift sets, sleeves
Materials	GC1/SBS board, metallised board, speciality and textured papers
Finishes	Hot foil, holographic foil, embossing, spot UV, soft-touch
Inserts	Card, foam or moulded pulp inserts

Rigid Gift Boxes

Sturdy, hand-finished luxury boxes that create an unforgettable unboxing experience.

Styles	Magnetic flap, lid & base, drawer, book-style, collapsible (flat-pack) rigid
Board	Greyboard 1.5–3 mm
Wrapping	Printed art paper, speciality, textured and coloured papers, leatherette
Finishes	Hot foil, embossing, spot UV, ribbon, custom inserts

Corrugated & E-flute Boxes

Strong, lightweight mailer and shipping boxes that protect your products and turn every delivery into a branded moment.

Styles	Roll-end mailers, tuck-top mailers, shipping boxes, display trays
Board	E-flute, F-flute, B-flute; white or kraft liners
Printing	Litho-lamination (offset), inside printing
Finishes	Lamination, varnish, tear strips, inserts

Kraft Boxes

Natural brown board with an honest, earthy look — the easiest way to show customers that your brand cares about the planet.

Styles	Window boxes, gable (handle) boxes, tuck end, mailer, lid & base, sleeve & tray
Materials	Kraft folding board, recycled kraft, E-flute kraft corrugated
Printing	One or more colours, white ink on kraft, inside printing
Finishes	Hot foil, embossing, water-based varnish, twine or paper-band closures
Windows	Paper-based or plastic-free options on request

Paper Tube Packaging

Round, elegant and plastic-free — paper tubes give your product a distinctive shape on the shelf and a satisfying opening experience.

Types	Lid & base tubes, telescopic tubes, tubes with inner neck (shoulder), open-end tubes
Wrapping	Kraft, coloured and textured papers, fully printed paper
Closures	Paper or card lids and bases; inserts for bottles and jars
Finishes	Hot foil, embossing, spot UV, matte or soft-touch lamination

Display Boxes & Stands

Put your product where buying decisions are made — printed counter displays, shelf-ready trays and cardboard floor stands for retail.

Types	Counter display boxes, shelf-ready packaging (SRP), floor stands, dump bins, header cards
Materials	E-flute and B-flute corrugated, white or kraft liners, folding board for small displays
Printing	Litho-laminated offset print, full colour and Pantone
Construction	Flat-packed, quick assembly, reinforced shelves for heavier products

Shoe & Apparel Boxes

Boxes that protect footwear and garments and present them the way your brand deserves — from classic shoe boxes to premium drawer boxes.

Styles	One-piece shoe boxes, lid & base, drawer (slide) boxes, shirt boxes, mailer boxes
Materials	Folding board, kraft board, E-flute corrugated, greyboard for rigid boxes
Printing	CMYK and Pantone, inside printing, logo only or full coverage
Finishes	Matte or soft-touch lamination, hot foil, embossing, ribbon pulls

Bottle Boxes

Protective, eye-catching packaging for single and multiple bottles — for olive oil, wine, spirits, juices and gift sets.

Styles	Carrier boxes with handle, window boxes, crash lock bottom cartons, rigid gift boxes, tubes
Capacity	Single, double or multi-bottle packs with dividers
Materials	Kraft and white folding board, E-flute corrugated, greyboard
Finishes	Hot foil, embossing, spot UV, rope or die-cut handles

Baklava & Turkish Delight Boxes

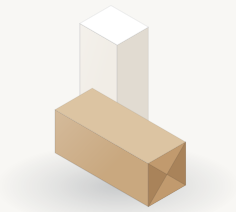

Gift-worthy packaging for baklava, Turkish delight, dates and traditional sweets — designed to protect delicate products and impress at every celebration.

Styles	Rigid lid & base, magnetic gift boxes, folding boxes with trays, window boxes, sleeves
Inserts	Trays, dividers and compartments for pieces or portions
Materials	Folding board, greyboard wrapped in printed or speciality paper
Finishes	Hot foil, embossing, spot UV, patterned printing, ribbons

Box styles

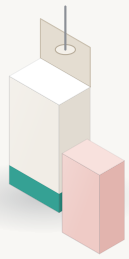

Tuck end boxes

The most widely used folding carton. Top and bottom flaps tuck in for quick, glue-free closing — economical, easy to fill and ideal for shelf display.

Crash lock bottom boxes

A pre-glued bottom that locks automatically when the box is opened. Faster packing and a stronger base for heavier products.

Hanger boxes

Folding cartons with an integrated hang tab or euro slot, so products can be displayed on retail pegs and hooks.

Window boxes

A die-cut window lets customers see the product inside. Available with PET film or plastic-free alternatives.

Partitioned boxes

Boxes with card inserts or dividers that hold several items securely and present them in a neat, organised way.

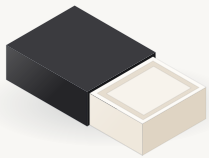

Rigid & magnetic boxes

Thick greyboard wrapped in premium paper. Rigid boxes deliver weight, strength and a luxury unboxing experience.

Display boxes

Counter and shelf-ready displays that turn the shipping box into a point-of-sale presentation at the checkout.

Sleeve & drawer boxes

A tray that slides out of an outer sleeve — an elegant opening experience with plenty of surfaces for branding.

Mailer boxes

Self-locking corrugated mailers that are strong enough for shipping and attractive enough for unboxing.

Details your customers can feel

Hot foil stamping · Embossing & debossing · Spot UV · Soft-touch lamination · Matte / gloss lamination · Window patching · Magnetic closure · Ribbon & handles · Custom inserts · Kraft & recycled board · Pantone matching · Water-based varnish

From brief to delivery in five clear steps

Brief
Share dimensions, quantity, target price and artwork or references.

Design & dieline
We propose the right structure, board and finish and send a dieline.

Proof
Receive a proof for your approval before production.

Production
Printing, finishing, die-cutting and gluing with quality checks at every stage.

Delivery
Export-packed and shipped to your door under the Incoterm you choose.

For a fast quote, include

- Box style or a reference photo
- Inner dimensions (mm)
- Quantity per design
- Printing: colours, inside/outside
- Finishes and delivery country
